The Careville School!

Whether your school-aged child is 5 or 18, you want to make sure that he or she is getting the best education possible—and that means being in the right school, receiving valuable instruction in age-appropriate subject matter, and successfully completing homework assignments. The ACFC offers parents guidance through information and resources in the Careville School for three different age levels: K - 5th grade (elementary school); grades 6 - 8 (middle school); and grades 9 - 12 (high school). Here's what you will find:
